Guests and Speakers

WASTEWATER PROCESS SIMPLIFIED

Collection – takes waste from your property and moves it to where it will be treated (gravity fed, effluent only)

Treatment – a series of physical and biological processes to separate contaminants in the waste stream
(City of Solvang)

Disposal – reintroduces treated effluent into water cycle
(City of Solvang)

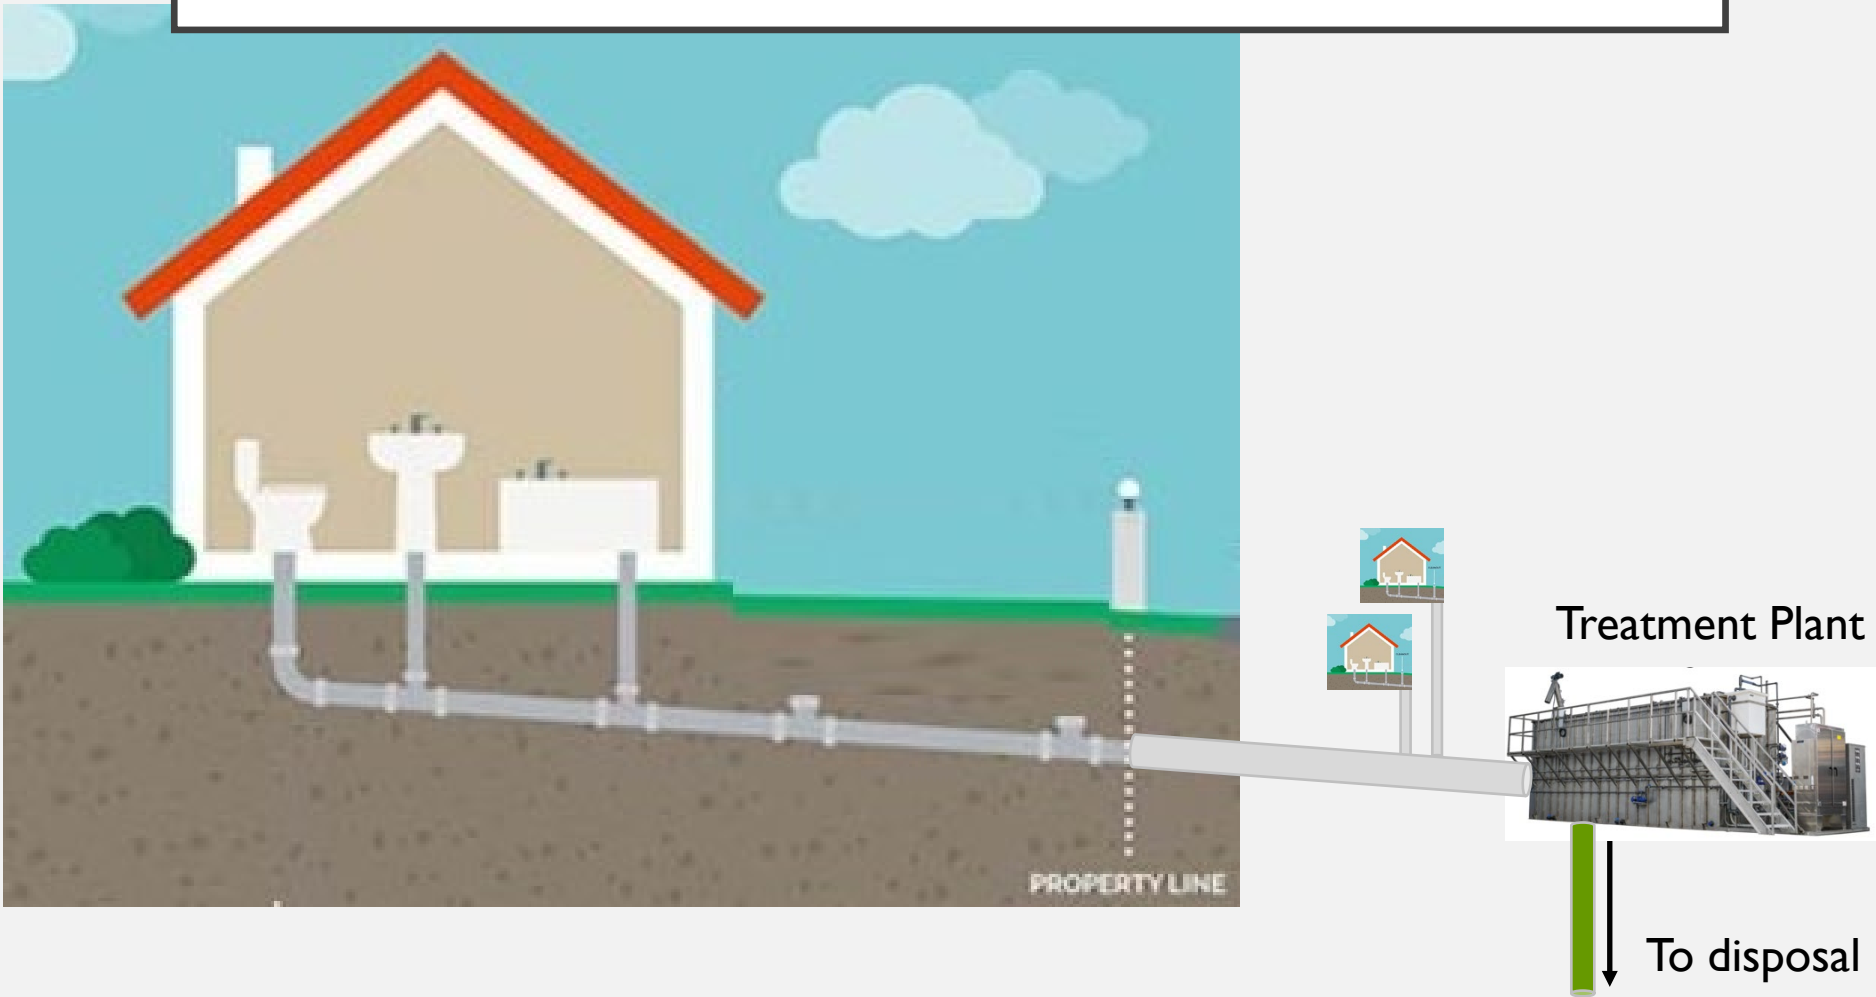

WASTEWATER PROCESS SIMPLIFIED

Collection – takes waste from your property and moves it to where it will be treated (gravity fed, effluent only)

Special - COMMUNITY WORKSHOP

WASTEWATER COLLECTIONS AND CONVEYANCE PROJECT

Zoom broadcast: <https://us06web.zoom.us/j/86215599280?pwd=fyCcbjuMWy9ittYUuwXRWCXjR7fxHJa.1>

The LOCSD signed a contract with the Wallace Group to provide design and cost estimating services for our project. The Wallace Group contract includes several key elements, including:

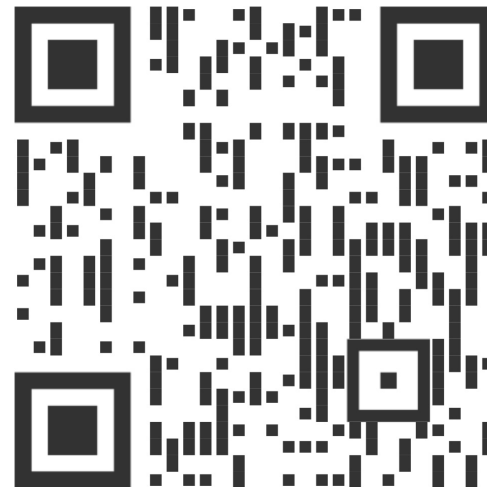

June 3 - Community Workshop Survey

1. My preference for community collection is:

- Gravity
- Effluent
- No Preference

2. After attending this meeting, how would you describe your understanding of the proposed wastewater project?

- Much better than before
- Somewhat better than before
- About the same as before
- Less clear than before
